Sub: **Lok Sabha Starred Question 139 due for 09.12.2025-inputs and material for supplementary under RKVY, PM-KMY and FPO to be answered on 05.12.2025.**

Please refer to your email dated 03.12.2025 on the above subject. In this regard, point wise reply is furnished as below:

Sl. No.	Question	Reply as far as SFAC is concerned
a)	whether the Ministry has published new targets for PM-KISAN and related benefit transfers, if so, the details thereof and if not, the reasons for the same;	Ministry may reply
b)	whether crop insurance coverage has increased after the latest scheme reforms, if so, the details thereof;	No such Information available with SFAC
c)	whether there is monitoring of climate-resilient farming pilot projects and the benchmarks for success, if so, the details there	No such Information available with SFAC
d)	whether feedback from farmer producer organizations informs the farmers of the ongoing agricultural policy revisions, if so, the details thereof; and	Ministry of Agriculture & Farmers Welfare is finalizing the National FPO Policy. For formulation of the policy, the draft policy was circulated to all the stakeholders involved in the formation & promotion of 10,000 FPOs in the country i.e. Implementing Agencies, CBBOs/VCOs and FPOs. The suggestions received were deliberated by the committee formed by the Ministry for finalization of National FPO Policy. Further, the representatives from Implementing Agencies, CBBOs/VCOs & FPOs were invited for deliberation during the conference held in Sept-2024 at

		ICAR, Pusa for finalization of National FPO Policy. The suggestions given by the FPOs have been incorporated in the policy suitably.
e)	whether mechanism of review exists on the functioning of agri-market digital platforms and their impact on price realization for farmers, if so, the details thereof, if not, the reasons therefor?	Government has implemented Electronic National Agriculture Market (e-NAM). It's envisaged as a pan India electronic trading portal, which will network markets to create unified national market for agriculture commodities. e-NAM is a "virtual" market but it has a physical market at the back end. e-NAM enables farmers to directly sell their produce to buyers, by passing intermediaries, which ensures better pricing and increased transparency. The platform provides access to broader markets, real-time pricing information, and e-payment systems, allowing farmers to receive timely payments. By offering quality grading, competitive bidding, and market intelligence, e-NAM empowers farmers to make informed decisions and maximize their profits. Further, a monthly progress report regarding functioning of e-Nam platform is prepared and reviewed by the Department. A toll-free helpline is set up under eNAM for resolving problems faced by e-NAM users including farmers.
